SUPER HI-VISION

C h a n g i n g   Y o u r   L i f e

**8K** A futuristic world straight from sci-fi, right in your home.

The entire room is wrapped in SUPER HI-VISION images, transporting you to a world you've never seen before.

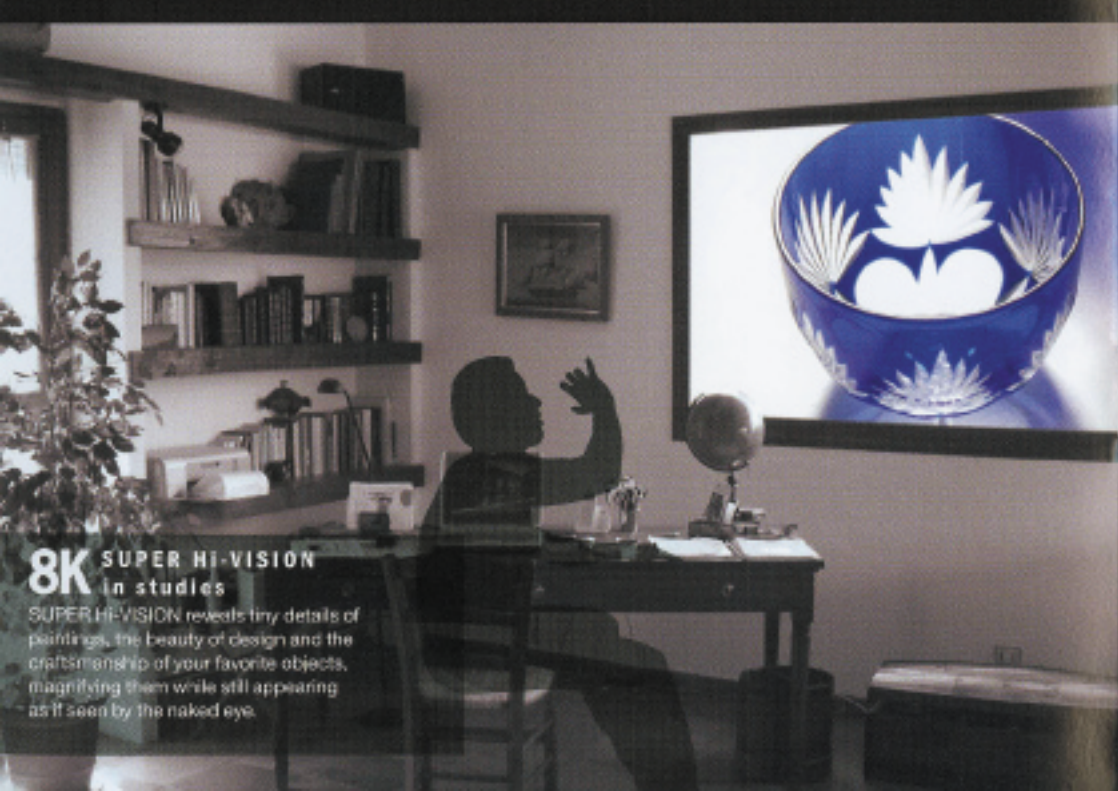

## 8K SUPER HI-VISION in living rooms

The whole family can enjoy watching sports at home, with highly realistic images bringing the thrill of the stadium to your living room. Your favorite player can even be magnified using a tablet, so you'll never miss the action.

## 8K SUPER HI-VISION in home theaters

Superb, detailed images. Three dimensional audio from 22.2 multi-channel sound. SUPER HI-VISION puts you in the front seat of the theater, with a sensation of truly 3D sound wrapping all around you.

## 8K SUPER HI-VISION in studies

SUPER HI-VISION reveals tiny details of paintings, the beauty of design and the craftsmanship of your favorite objects, magnifying them while still appearing as if seen by the naked eye.

## 8K SUPER HI-VISION in bedrooms

Waking up on a beautiful beach, the gentle sound of waves is all around you... SUPER HI-VISION can bring amazing scenery right to your bedroom. Monday mornings won't be the same with beautiful images and up-to-date information projected around you.

**8K SUPER HI-VISION**  
In theaters for public viewing

SUPER HI-VISION takes public viewings of concerts or sports events to a new level. The impressive detail of the images and three-dimensional audio transport the whole audience to the actual performance, making everyone feel a part of it.

## 8K SUPER HI-VISION in public spaces

Digital shop windows and walls with large advertisements bring the glamour of the catwalk, while high-resolution images make reading any written information much easier. Shopping and strolling through town becomes a vivid experience, with SUPER HI-VISION providing the information and content you're looking for.

## 8K SUPER HI-VISION in museums

Museums and galleries can enhance their collections by using the advanced level of detail available with SUPER HI-VISION images. Visitors can examine precious works of art in ways that were so far impossible, bringing them closer to the original genius of the works.

## 8K SUPER HI-VISION in schools

The excellent quality of the images provided by SUPER HI-VISION can also become an essential tool in schools. Educational material provided in such realistic images will engage young minds and open new horizons and possibilities.

## 8K SUPER HI-VISION in business

SUPER HI-VISION makes sure that you don't miss anything during a teleconferencing call, from words to realistic expressions. Your business partners will appear to be in the room with you, making natural and effortless communication possible.
